

Databases

Hello

Welcome!

Databases

Instructor introduction

- Instructor:
- Oscar Olsson
- happybits.se
- System Developer
- Teacher
- Academy, Informator, YH
- C#, MVC, SQL, EF, JavaScript

Hello! Student introductions

Let's get acquainted:

- Your name
- Your expectations for the course
- Fun fact

9.00 – 17.00

Course outline

Weekday	Purpose
Wednesday	<i>What is a database is? Why is it useful? Get practical experience in SQL</i>
Thursday	<i>Deepen your knowledge in SQL by solving more problems</i>
Friday	<i>Learn to model a database and create ER-diagram from a real world example</i>
Monday	<i>Model a new database together in a group</i>
Tuesday	<i>Check your knowledge (checkpoint), research and reflection</i>
